Bissell
MEMORANDUM FOR: Mr. ~~James Q. Reber~~

SUBJECT: Tuymazy - Omsk Pipeline

1. It is reported that at the briefing of the Killian Committee last Friday, 27 September, the DCI asked where the nearest oil producing field supplying crude to the Omsk refinery through the Tuymazy Pipeline was located. Mr. Lundahl asks that the following information be passed to Mr. Bissell.

2. The crude oil enters the pipeline at the Tuymazy oil field in the Urals and flows through the pipeline a distance of 1332 Km (828 miles) to the refinery at Omsk. This is the nearest field. A graphic which incorporates information from collateral sources is enclosed.
